ILM Award in the Principals of Environmental Management L3 NEBOSH Diploma 3-12 months	Pre-requisites:	Level entry assessment, ILM L3 recommended
Course Aims This qualification is for first line managers and supervisors with responsibility for environmental management. It assists learners in benchmarking their practice and getting up to speed with the regulations and requirements according to industry best practice and compliance.		
Certified by The Institute of Leadership and Management		
Course Delivery One to one coaching, tutorials, course work, "in-house projects". Portfolio development; ongoing and final assessments.		
Successful completion of the training programme and assessment will enable candidates to understand how to: <ol style="list-style-type: none">1. Identify the environmental law that applies to your organisation2. Understand other key requirements, including sector or customer-specific requirements3. Understand what your organisation must do to comply with these4. Know the key environmental regulators and enforcement bodies5. Evaluate the environmental impact of your own work activities6. Support and communicate environmental good practice.		
Benefits for employers Ensure your environmental management strategies are implemented Comply with current legal and other environmental requirements Managers with the skills and knowledge to review, benchmark and improve environmental practices Develop environmental managers who champion best practice.		
Syllabus Outline There are two mandatory units in this qualification. 'Principles of legal and non-regulatory environmental compliance' covers the identification of environmental legislation which relates to the organisation, plus any sector, customer or organisation-specific requirements. These could include schemes which adhere to best practice or added-value services. 'Develop an awareness of environmental good practice' gives you the knowledge and skills to understand the impact of your activities on the environment and the importance of improving environmental performance, in the workplace and elsewhere.		
End test: No
