COSHH – The Hazards 1/2 day	Pre requisite:	None
Course Aims		
<p>This half day course is intended to provide employees with an understanding of the hazards and risks associated with the chemicals and substances that are likely to be found on their site.</p> <p>During the course delegates will explore practical ways in which the Control of Substances Hazardous to Health Regulations (COSHH) apply to their workplace, and in so doing reach a clear understanding of the ways in which chemical risks are controlled.</p>		
Course Delivery		
<p>Where possible the course leader will use COSHH assessment systems and forms adopted by the client and in so doing reinforce their value and availability to delegates.</p>		
Who is the Course For?		
<p>Employees & Supervisors</p>
